

DESTINATION

Guernsey

FERMAIN BAY

OVERVIEW

This beautiful Channel Island is great for work or play. Guernsey has developed into a thriving business centre, with finance being the main industry on the island.

Guernsey has some great activities to choose from, including many beautiful beaches so you can take advantage of those summer days. The Islands of Sark and Herm are just a short boat journey away, if you really want to get away from it all.

Guernsey has a fascinating history; World War II can be seen as a defining moment of Guernsey's history, with the Occupation resulting in the evacuation of the island's children. There are a range of restaurants or bars if you want to sample some of the local cider and beer. Guernsey is an ideal place for family or business; a jewel in the English Channel.

RESTAURANTS

THE ROCK GARDEN. This brand new contemporary bar boasts a state of the art interactive wall, unique cocktails, a grazing tapas menu and sushi and sashimi dishes prepared by front of house chefs. It's a buzzy but sophisticated atmosphere in a aesthetically impressive space. Courtesy buses pick up from central points in Town to The Rock Garden Tuesday to Saturday.

THE AUBERGE. This restaurant deservedly has the highest Guernsey score in the Good Food Guide 2012. Sitting on a cliff at Jerbourg, the view of yachting lanes between Castle Cornet and our sister islands always delight.
